[Handbook for Pandemic and Mass-Casualty Planning and Response](#) E. Gursky 2012-12-18 The Handbook for Pandemic and Mass-Casualty Planning and Response offers the disaster medicine professional community the information and tools to better prepare, individually and collaboratively, to mitigate mortality and morbidity when catastrophe occurs. It captures the lectures and teachings of an extraordinary 12 day NATO Advanced Study Institute held in Croatia in late 2011: 'Applying lessons learned and sharing best practices in addressing pandemics and catastrophic health events.' The results of this event, held under the auspices of the NATO Science for Peace and Security Programme, are presented in three sections: The Context of Catastrophic Health Planning; Principles of Response to Catastrophes with Mass Casualties; and Communication and Information Sharing. The handbook presents rigorous, standardized cross-disciplinary training, such as Medical Response to Major Incidents; the need to guide medical and humanitarian efforts by ethical principles; the importance of risk communication and trustworthy information; treatment guidelines along with medical and surgical practices for amputation, burns, and blast injuries; triage guidelines and treatment algorithms; principles of mass-casualty planning; and the need to identify and correctly position -in advance- the networks and collaborative structures that must work together and share capabilities. Drawing on experts from Croatia, Slovenia, Ukraine, the United Kingdom, the Russian Federation, Italy, Spain, Mexico and the United States - and especially on Croatia's experience handling mass casualties during its Homeland War in the 1990s - this handbook combines research and real-world examples to assist the disaster response community in preparing for mass-

casualty incidents.

[Red Hot 100](#) 2015 Celebrating red-haired male beauty and challenging negative ginger stereotypes comes Red Hot 100, a groundbreaking coffee table book showcasing the hottest red head guys in the world. With a truly international feel, the book contains one hundred flame-haired guys from all over the world, captured topless against the iconic vivid blue background. The book includes actors, models, and an Olympic gold medallist.

[Colonial Legacies And Contemporary Studies Of China And Chineseness: Unlearning Binaries, Strategizing Self](#) Prapin Manomaivibool 2020 "Colonial legacies in knowledge production affect the way the world is represented and understood today. However, the subject is rarely attended. The book, Colonial Legacies and Contemporary Studies of China and Chineseness: Unlearning Binaries, Strategizing Self, is about the colonial construction of intellectual perspectives of the colonized population in terms of the latter's approach to China and Chineseness in the modern world. Relying on the available oral histories of senior China scholars primarily in Asia, authors from various postcolonial and colonial sites present these multiple routs of self-constitution and reconstitution through the use of China and Chineseness as category. The revealed manipulation of this third category, romantically as well as antagonistically, is easier than straightforward self-reflection for us all to accept that, coming to identities and relations, none, even subaltern, is politically innocent or capable of epistemological monopoly. Through comparative studies, it shows a way of self-understanding that does not always require discursive construction of border or cultural consumption of any specific "other" --

Biodesign Lyn Denend 2015-02-02 A step-by-step, full-color guide to successful medical technology innovation with a new focus on value-based innovation and global opportunities.

A New Companion to Digital Humanities Susan Schreibman 2016-01-26 This highly-anticipated volume has been extensively revised to reflect changes in technology, digital humanities methods and practices, and institutional culture surrounding the valuation and publication of digital scholarship. A fully revised edition of a celebrated reference work, offering the most comprehensive and up-to-date collection of research currently available in this rapidly evolving discipline Includes new articles addressing topical and provocative issues and ideas such as retro computing, desktop fabrication, gender dynamics, and globalization Brings together a global team of authors who are pioneers of innovative research in the digital humanities Accessibly structured into five sections exploring infrastructures, creation, analysis, dissemination, and the future of digital humanities Surveys the past, present, and future of the field, offering essential research for anyone interested in better understanding the theory, methods, and application of the digital humanities

Sesame Dorothea Bedigian 2010-10-14 The first comprehensive review of sesame and its close relative, Sesame: the genus *Sesamum* covers ethnographic data, modern use, linguistic analysis of sesame names from around the world, market size, export and import data, geographical sources, use in the food and cosmetic industries, and much more. The book includes a historical review of the genus *Sesamum* that reveals its place in present-day traditions and cultivation in Africa and Asia. Expanding coverage from archaeological and anthropological literature from India, Mesopotamia, and Egypt, this ethnobotanical monograph draws on folk sources, reviews the phytochemistry of *Sesamum*, and presents extensive references.

Gateways to Democracy John G. Geer 2017-01-27 GATEWAYS TO DEMOCRACY introduces the American political system to students, pointing out in each chapter the gateways that facilitate, or at times block, participation. In emphasizing how the political system works, and how individuals and groups have opened gates to influence public policy, the text helps students see the relevance of government in their lives. The fourth edition provides coverage of the 2016 election, as well as enhanced discussion of diversity and participation that reflects the changing demographic infrastructure in America. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Directory of Research Grants 2008 Schoolhouse Partners LLC 2008-05 Volume 2 of 2 - With more than 5,100 listings of grants programs from 1,880 sponsors, the Directory of Research Grants is a comprehensive directory of grants available to researchers in every field of study. The directory has a broad focus, featuring grants for basic research, equipment acquisition, building construction/renovation, fellowships, and 23 other program types. Government grants include CFDA, NSF and NIH program numbers. Each record includes grant title, description, requirements, amount, application deadline, contact information (phone, fax and email), web address, sponsor name and address, and samples of awarded grants (when available). Printed in two volumes, each with extensive indexes - subject, program type and geographic to help you to identify the right program quickly.

GATEWAYS TO DEMOCRACY 2023

Our Social World Jeanne H. Ballantine 2010-07-29 A fully revised, updated and reorganized edition of this popular first year introduction to sociology.

VIVO Katy Borner 2022-05-31 The world of scholarship is changing rapidly. Increasing demands on scholars, the growing size and complexity of questions and problems to be addressed, and advances in sophistication of data collection, analysis, and presentation require new approaches to scholarship. A ubiquitous, open information infrastructure for scholarship, consisting of linked open data, open-source software tools, and a community committed to sustainability are emerging to meet the needs of scholars today. This book provides an introduction to VIVO, <http://vivoweb.org/>, a tool for representing information about research and researchers -- their scholarly works, research interests, and organizational relationships. VIVO provides an expressive ontology, tools for managing the ontology, and a platform for using the ontology to create and manage linked open data for scholarship and discovery. Begun as a project at Cornell and further developed by an NIH funded consortium, VIVO is now being established as an open-source project with community participation from around the world. By the end of 2012, over 20 countries and 50 organizations will provide information in VIVO format on more than one million researchers and research staff, including publications, research resources, events, funding, courses taught, and other scholarly activity. The rapid growth of VIVO and of VIVO-compatible data sources speaks to the fundamental need to transform scholarship for the 21st century. Table of Contents: Scholarly Networking Needs and Desires / The VIVO Ontology / Implementing VIVO and Filling It with Life / Case Study: University of Colorado at Boulder / Case Study: Weill Cornell Medical College / Extending VIVO / Analyzing and Visualizing VIVO Data / The Future of VIVO: Growing the Community

The Earth Observer 2011

Environmental Health Perspectives 2006-08

UK and US Background Studies: An Introduction to the UK and British Studies, and to the US and American Studies Pierce Mountney 2018-06-15 This book aims to provide general knowledge about various aspects of the United Kingdom and the United States of America at present. After reading this book, you should have an understanding of how each country works, what it means to come from that country, and what it is like to live there. The book is not intended to present intricate details about all parts of both countries. However, after reading this book, you should be able to better comprehend these intricacies should you choose to research them further.

A World More Concrete N. D. B. Connolly 2016-03-25 Connolly argues that Americans, immigrants, and even indigenous people, between the 1890s and the 1960s, made tremendous investments in racial apartheid, largely in an effort to govern growing cities and to unleash the value of land as real estate. Through a focus on South Florida, the book illustrates how entrepreneurs used land and debates over property rights to negotiate the workings of Jim Crow segregation.

Science Units for Grades 9-12 Randy L. Bell 2005 Sample topics include cell division, virtual dissection, earthquake modeling, the Doppler Effect, and more!

Forth and Back Cintia Santana 2013-06-27 Forth and Back broadens the scope of Hispanic trans-Atlantic studies by shifting the focus to Spain's trans-lingual exchange with the United States at the end of the twentieth century. Highlighting the incipient globalization of literary markets after Franco's death, Forth and Back examines the economic, poetical, and ideological constraints that shaped the keen consumption of U.S. literature by Spanish publishers, readers, and writers.

U. S. News and World Report Ultimate College Guide U.S. News & World Report (Firm) 2007-10 In the simplest of terms, leadership is about influencing people to achieve an objective that is important to the leader, the group, and the organization. It is the human element -- leading, motivating, and inspiring, particularly during times of crisis, chaos, and complexity when directives, policy statements, and communiqués have little effect on cold, exhausted, and stressed followers. Strong leadership encourages subordinates to go beyond the obligation to obey and commit to the mission in a way that maximizes their potential. "The Military Leadership Handbook" is a concise and complete manual that identifies, describes, and explains all those concepts, components, and ideas that deal with, or directly relate to, military leadership. The book is a comprehensive compendium that focuses on, among other subjects, cohesion, command, cultural intelligence, discipline, fear, and trust. this applied manual provides invaluable assistance to anyone who wishes to acquire a better understanding of both the theory and application of military leadership

The Alcalde 2004-01 As the magazine of the Texas Exes, The Alcalde has united alumni and friends of The University of Texas at Austin for nearly 100 years. The Alcalde serves as an intellectual crossroads where UT's luminaries - artists, engineers, executives, musicians, attorneys, journalists, lawmakers, and professors among them - meet bimonthly to exchange ideas. Its pages also offer a place for Texas Exes to swap stories and share memories of Austin and their alma mater. The magazine's unique name is Spanish for "mayor" or "chief magistrate"; the nickname of the governor who signed UT into existence was "The Old Alcalde."

American Bible Society The Amazing Bible Factbook for Kids Revised & Updated American Bible Society 2014-04-15 What better way to present the fascinating facts, trivia, lessons and really cool stuff hidden in the pages of the Bible than through a new almanac style full-colour book? This highly designed colourful reference book will engage kids with hundreds of lists, timelines, quizzes, maps and other captivating details about Biblical times and the people and

stories of the Bible itself.

Our Social World Dr Jeanne H Ballantine 2011-04-25 The Third Edition of Our Social World: Introduction to Sociology is truly a coherent textbook that inspires students to develop their sociological imaginations, to see the world and personal events from a new perspective, and to confront sociological issues on a day-to-day basis. Key Features: * Offers a strong global focus: A global perspective is integrated into each chapter to encourage students to think of global society as a logical extension of their own micro world. * Illustrates the practical side of sociology: Boxes highlight careers and volunteer opportunities for those with a background in sociology as well as policy issues that sociologists influence. * Encourages critical thinking: Provides various research strategies and illustrates concrete examples of the method being used to help students develop a more sophisticated epistemology. * Presents "The Social World Model" in each chapter: This visually-compelling organizing framework opens each chapter and helps students understand the interrelatedness of core concepts. New to the Third Edition: * Thirty new boxed features, including the innovative 'Engaging Sociology' and 'Applied Sociologists at Work' features * Three substantially reorganised chapters (2. Examining the Social World, 3. Society and Culture, and 13. Politics and Economics) * 315 entirely new references and 120 new photos.

Encyclopedia of New Yearáo»s Holidays Worldwide William D. Crump 2014-04-25 Among the world's myriad cultures and their associated calendars, the idea of a "New Year" is relative and hardly specifies a universal celebration or even a universal point in time. Ways of celebrating the New Year range from the observances of religious rituals and superstitions to social gatherings featuring particular foods, music, dancing, noisemaking, fireworks and drinking. This first encyclopedia devoted exclusively to the New Year includes 320 entries that give a global perspective on the New Year, beyond its traditional Western associations with Christmas. National or regional entries detail the principal traditions and customs of 130 countries, while 27 entries discuss major calendar systems in current use or of significant historical interest. The remaining entries cover a wide variety of subjects including literary works, movies, and television specials; the customs of specific ethnic groups; universal customs such as toasting and drinking; football bowl games and parades; and the New Year celebrations at the White House and the Vatican.

US Black Engineer & IT 2004-01

Implacable Foes Waldo H. Heinrichs 2017 By the time of the dropping of the atom bomb in August 1945, the United States military situation in the Pacific was in disarray. As an Army staff officer stated simply, "The capitulation of Hirohito saved our necks."In 1944, a year earlier, success seemed near, but squabbling in the military command and the logistical challenges of launching a full-scale invasion of the Japanese mainland soon took their toll, and by the time of V.E. Day it was questionable whether the United States was up to the task of endingthe war in the Pacific. An exhausted American public was calling for troops to come home and for the country to return to manufacturing consumer items instead of arms. Republican politicians called for the Allies to back away from the demand for unconditional surrender. The politically powerfulconstituency of GIs won legislative victories, allowing soldiers more easily to leave the military and depleting units just as they most needed experienced soldiers. Weaving together analysis of grand strategy with a vivid narrative depicting the brutal, debilitating, and often terrifying experienceof combat, Waldo Heinrichs and Marc Gallicchio bring to life the final year in the Pacific. They explore the lives of the soldiers, sailors, and Marines who faced illness, drenching rain, and tenacious Japanese opponents. They also evoke the grand, clashing personalities of Douglas MacArthur andGeorge C. Marshall, who warned of "the agony of enduring battle," and shed light on the views of President Roosevelt, who doubted Americans' understanding of the conflict and worried about a public mood that oscillated between overconfidence and despair. After the bloodletting on Iwo Jima andOkinawa, the war against Japan seemed more repugnant and less meaningful than the struggle against Germany. It is in this context, of military emergency and patience wearing thin, that a new president, Harry S. Truman, made the decision to deploy the atomic bomb.This remarkable, gripping narrative challenges assumptions about the inevitability of the war's outcome, the consequences of the "Europe first" strategy, and the wisdom of America's leaders.

Serving Library Users from Asia John Hickok 2019-06-12 Asian populations are among some of the fastest growing cultural groups in the US. This book is a comprehensive guide to serving library users from 24 specific Asian countries. It begins with a broad overview of how libraries can better serve Asian communities and then devotes a chapter to each country, providing wealth of valuable resources.

Clearinghouse Review 2006

US Foreign Policy in Context Adam Quinn 2009-12-04 This work blends strategic analysis of contemporary US foreign policy with long-term historical discussion, producing an important argument relevant to the debates surrounding both the merits of contemporary US foreign policy and the long-term trends at work in American political culture. Rather than a detailed historical study of the Bush administration itself, the book seeks to locate Bush within the historical context of the US foreign policy tradition. It makes the case for nationally specific ideological factors as a driver of foreign policy and for importance of interaction between the domestic and the international in the emergence of national strategy. The contemporary element focuses on critiquing the George W. Bush administration's National Security Strategy, perceived by many as a radical and unwelcome ideological departure from past policy, and its broader foreign policy, concentrating especially on its embrace of liberal universalism and rejection of realism. This critique is supported by the cumulative argument, based upon the historical cases, seeking to explain American leaders' persistent resistance to the prescriptions of realism. Quinn argues for some causal connection between historically evolved ideological constructions and the character of the nation's more recent international strategy. Providing a valuable addition to the field, this book will be of great interest to scholars in American politics, US foreign policy and US history.

Colonized Through Art Marinella Lentis 2017-08-01 "An examination of government-controlled schools' use of art education as a process for assimilating American Indian children at the turn of the twentieth century."--Provided by publisher.

Directory of American Philosophers, 2018-2019 Elizabeth Stombock 2018-05-10 The new edition of this essential resource contains thousands of edited listings for university and college philosophy programs, research centers, professional organizations, academic journals, and philosophy publishers in both countries. It also includes contact information for over 15,000 philosophers in the U.S. and Canada, and a brief statistical overview of the field.

Improving Innovation Through Better Management Council of Canadian Academies 2018-10-18 Improving Innovation Through Better Management explores ways to provide innovation management training to a large, diverse population of students throughout their careers. The report identifies the competencies that are likely to enhance innovation management, describes what's currently known about where and how to effectively teach these competencies, and outlines the implications for academic institutions, industry, and government.

Supervising Conflict Heather McGhee Peggs 2023-04-28 Cultivating respectful and productive academic relationships is a priority within higher education. What can faculty do when conflict disrupts research progress and strains the supervisor/student relationship? Supervising Conflict offers practical advice and tools to help faculty identify and actively respond to the most common grad school concerns - the "everyday" conflicts. Drawing on data collected over four years at a large research-intensive university in Canada, Heather McGhee Peggs provides faculty with a map to where issues are likely to emerge based on hundreds of coaching conversations with faculty and students. While ideally every campus would have a dispute resolution office and a graduate peer support team to help individuals navigate conflict, the reality is that faculty are often managing complex and difficult situations on their own. This unique resource combines negotiation and fair complaints-handling principles with insights from a multidisciplinary graduate peer team and highlights the critical role that equitable, restorative, and trauma-informed approaches can play in the emergence and resolution of conflict. This book includes opportunities for self-reflection, real-life case studies, and activities for professional faculty development. Supervising Conflict guides administrators seeking to address graduate concerns earlier and more effectively at a systemic level.

2014 LEEP Event. Editorial & Promotional Calendar Laura Dawn Lewis 2013-12-03 3,800+ Holidays, Promotions, Events for 2014 in the United States, United Kingdom, Canadian, Australian and Chinese Markets. The 2014 LEEP features over 3,800 dates in over 53 categories arranged alphabetically (with source URLs), chronologically and by length. This calendar of holidays and events for 2014 includes National, Promotional, Industry and International Events, Federal Holidays, Major Sporting Events and industry specific promotions. The LEEP Calendar is the invaluable time-saving, idea generating, revenue building business reference tool that provides exceptional marketers, publishers and journalists a quantifiable critical advantage over the competition. Created by a marketing and publishing industry veteran for: Advertising Executives Authors Bloggers Business Networkers Business Owners Editors Educators Event Planners Journalists Marketing Executives Media Planners Media Sales Reps Promotional Products Retailers Public Relations Publicists Publishers Retail Executives Sales

Software, Infrastructure, Labor Ned Rossiter 2016-06-23 Infrastructure makes worlds. Software coordinates labor. Logistics governs movement. These pillars of contemporary capitalism correspond with the materiality of digital communication systems on a planetary scale. Ned Rossiter theorizes the force of logistical media to discern how subjectivity and labor, economy and society are tied to the logistical imaginary of seamless interoperability. Contingency haunts logistical power. Technologies of capture are prone to infrastructural breakdown, sabotage, and failure. Strategies of evasion, anonymity, and disruption unsettle regimes of calculation and containment. We live in a computational age where media, again, disappear into the background as infrastructure. Software, Infrastructure, Labor intercuts transdisciplinary theoretical reflection with empirical encounters ranging from the Cold War legacy of cybernetics, shipping ports in China and Greece, the territoriality of data centers, video game design, and scrap metal economies in the e-waste industry. Rossiter argues that infrastructural ruins serve as resources for the collective design of blueprints and prototypes demanded of radical politics today.

Splintered Jonathan Butcher 2022-03-22 The problem with our nation’s schools today is not just the low test scores in basic reading and math—which are an obstacle for the economy, not to mention students’ futures. The challenge is that K-12 instruction has been hijacked by Critical Theorists who are “skeptical” of representative government and the freedoms we cherish. The debates over the retelling of America’s past, on display in local school board meetings as well as conflicts between the New York Times’ 1619 Project and President Donald Trump’s 1776 Commission, involve not just historical facts, but how Americans define their nation. This battle over our national identity is a cultural battle, involving schools—cultural institutions—and the ideas we all need to share to get along with our neighbors, raise families, and pursue the American Dream. “Jonathan Butcher is one of our sharpest and most insightful analysts writing about education today. The nation owes him a debt of gratitude for work demystifying an obscure academic field, critical race theory, and fearlessly following where it leads when imposed on our public schools: abandoning the cherished belief that education can be a means of uniting our diverse country and replacing it

with a pedagogy of grievance and despair.” —Robert Pondiscio, Senior Fellow, American Enterprise Institute and author of How the Other Half Learns “Jonathan Butcher’s timely book on critical race theory addresses what I have described as the civil rights issue of our times. Too few Americans understand how this dangerous ideology and how it has seeped down into our K-12 educational system. Butcher’s book is part of a collective effort to educate the American people about the infiltration and indoctrination of our educational system.” —Dr. Carol M. Swain, a former tenured professor at Vanderbilt and Princeton Universities

Modern Muslim Societies Marshall Cavendish Reference Staff 2011-01-15 Discusses subjects such as family life, marriage, law, human rights, and Muslim extremism before turning to regional surveys on manifestations of Islam around the world, including the United States and Canada, Iran, Southeast Asia, Africa, and everywhere

Prelude to Prison Marsha Weissman 2015-01-08 By the close of the twentieth century, the United States became known for its reliance on incarceration as the chief means of social control, particularly in poor communities of color. The carceral state has been extended into the public school system in these communities in what has become known as the “school-to-prison pipeline.” Through interviews with young people suspended from school, Weissman examines the impact of zero tolerance and other harsh disciplinary approaches that have transformed schools into penal-like institutions. In their own words, students describe their lives, the challenges they face, and their efforts to overcome those challenges. Unlike other studies, this book illuminates the students’ perspectives on what happens when the educational system excludes them from regular school. Weissman draws attention to research findings that suggest punitive disciplinary policies and practices resemble criminal justice strategies of arrest, trial, sentence, and imprisonment. She demonstrates how harsh school discipline prepares young people from poor communities of color for their place in the carceral state. An invaluable resource for policy makers, *Prelude to Prison* presents recommendations for policy, practice, and political change that have the potential to dismantle the school-to-prison pipeline.
